

OPTI•FLOR SPECIAL COLLECTION

SINGOLO

The Singolo®, the first one-flowered orchid, is a striking appearance. It's unique in its kind. Its extraordinary appearance is preceded by a long-term selection and development process in Opti-flor's delivery room. The result is a firm, compact plant with one beautiful, large flower. This flower towers over the lower leaf and looks wilfully into the world. Thanks to its compact character, Singolo® only requires a small amount of space in order to feel happy and to guarantee a long blooming period. The Singolo® will come out well at narrow window sills or on small tables. A special effect will be created if you put down several Singolo's® in small groups. Also in small spaces. The little Singolo® is therefore a nice and practical gift idea.
