

OPTI•FLOR SPECIAL COLLECTION

BOQUETTO

Boquetto, the first "bouquet" of orchids as a plant in a pot. A plant bouquet with dozens of pastel coloured, small flowers, that offers flowering pleasure for a whole three months. This new compact plant is available in special colours, especially feminine and romantic colours. This colour palette matches the current fashion of new, exciting pastels perfectly. Due to its compact shape Boquetto is very suitable for a small interior. Great to receive and original to.
