

Responsibly Produced Peat in process to grant certificate

Date of publication 17 November, 2022

Responsibly Produced Peat intends to grant the RPP-certificate to the company named in this document. This intended decision is based on the fact that the company meets the requirements of the RPP certification scheme version 3.0. The fulfilment of the criteria is checked by an independent qualified inspector, including inspection at location.

During a period of 6 weeks, from **17th of November until the 29th of December, 2022** Responsibly Produced Peat offers parties concerned the opportunity to provide comment on the proposed decision. Questions and comments can be sent to info@responsiblyproducedpeat.org. Without further objections, after this comment period, the certificate will be granted to the company for the location in concern.

Company name	Scan Peat AB Wennerbergsgatan, 287 32 Strömsnäsbruk
Extraction site	Name site: Gölmossen
	GPS coordinate entrance peatbog: Latitude : N 56°32'20.9" Longitude: 13°45'01.1"
	Total licensed area: 90 ha
	License information: License number 551-4758-12
<p>Remarks resulting from inspection: The company will investigate if water levels in ditches along the border can be raised (permanently or periodically) to minimise negative impacts on the hydrology of adjacent areas. Results of investigation will be clarified by 1 January 2023.</p> <p>A more detailed after-use plan, showing depth of peat layers and as a result when and for which parts measures for rewetting can start , will be provided by 1 sept 2023.</p> <p>Link to location on Google Earth</p> <p>See next page for license boundaries.</p>
